AYO OLASEINDE

Welcome

Welcome To Your Action Plan Workbook

I want to thank you for taking the time to read this book and to start your journey of discovery. You are **Born With The Power To Win**.

I have created two workbook options

1. You can print out this workbook and use a pen to complete your answers.

2. Scan the QR code on the right. You can complete this option on your phone/tablet or computer. Once it has been completed you will be emailed a copy of your fully completed workbook – you can also go back and make edits and updates at any time using this QR version. Whichever option you prefer they are both used in conjunction with the book **Born With The Power To Win**.

Why a workbook?

When you take the ideas, plans and goals you have in your mind, and you put it on paper / log them on the app your chance of success is greatly increased.

Personally I believe that when you set goals & make plans for your future the best way to do this is to write everything down using a pen and paper.

This allows you to look at everything written down in front of you.

(If you decide to use the app to make your plans then please print it when completed)

You can focus 100% on what is important to you: Do what you LOVE and LOVE what you do.

Once you have a clear focus then everything you have planned and completed using this workbook will go back into your mind as a fully formed plan that you can now clearly visualise and focus on, but most importantly you can take action on your plans.

I believe that if you read the book and complete this workbook in detail side by side you will be a new you, empowered to know where exactly you want to go in life and how you will get there.

You may have setbacks, and you may get knocked back, that is normal and to be expected - in fact plan for setbacks, that way, when they come, you are not thrown by them.

Focus 100%
on what is
important to
you: Do what
you LOVE and
LOVE what
you do.

My vision is that once you complete this workbook you will become an ambassador of change and you will want to share it with others, so they too can find what is important to them – their ‘why’ in life and the key to success.

I started from humble beginnings: slicing bread in a factory and today I am honoured to be the president of a global sales organisation which operates in over 60 countries worldwide.

The way I achieved my success was by following the steps outlined in this book you are reading. This book gets to the heart of why you may be struggling to succeed and how you can change that for the better.

My Name is Ayo Olaseinde, I am on a mission to empower people to take action in life and become the best version of themselves that they can be, so you can also empower others.
